

RBM 700 series

This is a work chair that is both seen and sensed. A chair that combines modern, distinct design with ease of use. The chair is easy to adjust according to individual requirements. Regardless of your weight, height or working position, the 700 series can quickly adapt to your desires and needs. The RBM 700 series emphasises ergonomics and flexibility and fits the body and working position. The chair has a characteristic back shape.
