

## RBM Cameo

Small and neat, but stylish. With its clean and elegant lines the chair is easy to place in almost any room or environment. The minimalist design makes RBM Cameo particularly well suited to rooms that are rearranged frequently. The chairs are also stackable, which makes storage easier. Both the seat and back are slightly curved, providing a comfortable sitting position.

Available in plastic in a wide selection of colours and with optional accessories such as a writing arm, linking fittings and chair trolley.
